A Center of Hope: Envisioning an exemplary youth experience in Indianapolis

2016–2020 Strategic Plan
**PREAMBLE**

The Center for Leadership Development is superbly positioned to impact youth in an extraordinary way. Motivated by mounting academic and social challenges and inspired by a belief CLD has **real answers** to overcome these challenges, CLD aspires to establish an exemplary youth organization of unparalleled distinction. Indeed, **CLD envisions making Indianapolis home to one of the most transformative models in the nation** dedicated to effecting the highest academic, college and career achievement in African American youth.

Resolute in our belief that significant numbers of youth can be empowered to believe in themselves, discover their purpose and excel, this five year strategic plan reveals our enthusiastic desire to make this bold vision a reality. CLD endeavors to increase programming impact by delivering **15,000 services to 8,000 Indianapolis youth and parents annually** and target youth residing in Indianapolis’s poorest, highest crime neighborhoods. Furthermore, CLD will explore renovation and expansion options and increase program capacity to meet growing demand. CLD will acquire and retain outstanding human talent to deliver these transformative results. To realize this comprehensive strategy, CLD plans to increase its annual operating budget from $2 million to $4 million.

Today, although thousands of youth face unspeakable challenges, CLD is optimistic. This plan reflects our unbridled passion to instill boundless hope. CLD will help youth excel beyond their imaginations. This plan also demonstrates CLD’s broader commitment to assume a greater leadership role in helping Indianapolis uncover the depths of youth potential and thwart crime. Emphasizing our trademark values of character, education, leadership, service and career as the pathway to self-worth, achievement and a life of meaning, CLD desires to **nurture a teeming pipeline of talented, ambitious youth who are graduating from high school and college, and thriving in their careers**. CLD strives to cultivate in Indianapolis a culture and scale of holistic youth achievement rarely observed in other cities.

CLD is building a haven of hope. CLD aspires to help hundreds of youth find their purpose and discover hope where only hopelessness resides. Through this plan, **CLD seeks to elevate, if not redefine, youth empowerment and transformation.** Working in partnership with our stakeholders, CLD aims to make our vision, this **Center of Hope**, a reality for Indianapolis.
MISSION
The mission is to foster the advancement of minority youth in Central Indiana as future professional, business and community leaders by providing experiences that encourage personal development and educational attainment.

VISION
The vision is to establish the Center for Leadership Development as one of the most preeminent centers in the nation for inspiring the highest character and leadership skills, and the highest academic, college and career achievement in African American youth.

CLD PRINCIPLES FOR SUCCESS
• Character Development
• Educational Excellence
• Leadership Effectiveness
• Community Service
• Career Achievement

EXECUTIVE SUMMARY
The strategic plan is the result of a comprehensive process that included invaluable input from a strong, diverse cross-section of Central Indiana business, educational and community leaders. We are confident the resulting goals are relevant and meaningful for Indianapolis and its progress. We gratefully acknowledge the staff and faculty from the Department of Technology, Leadership and Communication at the IUPUI School of Engineering and Technology who provided key assistance and recommendations during the initial stages of the process.

The overall organizational goal is to build and enhance capacity for CLD’s unrivaled transformative programs. Five specific strategic goals have been identified to guide CLD from 2016 through 2020:

1 Increase Program Participation
2 Engage At-risk Youth and Expand Outreach
3 Increase Parental/Family Involvement
4 Increase Funding and Awareness
5 Explore Building and Capacity Expansion
